

## **AMITEX**

Sizing and fabric weave firming spray that makes ironing easier and gives a pleasant smell of clean and fresh item; for professional use.

CHARACTERISTICS: AMITEX is studied for the professional treatment in laundry, both for its advanced formulation and its big packaging. AMITEX is a starch specially treated in order to act as sizing and weave firming as to give fabric a strong structure and keep them tensioned and smooth. AMITEX is formulated with special sliding substances to ease iron sliding on fabrics; in addition, it leaves a pleasant smell of cleanness and freshness on ironed items. The special dispenser of AMITEX allows a very good and delicate fog-like atomisation.

HOW TO USE: It shall be utilised during ironing and atomisation time depends on which degree of fabric sizing is wished.
